SECTION 1: INTRODUCTION AND BACKGROUND

**What is the Tualatin Tomorrow Vision and Strategic Action Plan?**

In February 2006, the City of Tualatin began a community-wide visioning process, called *Tualatin Tomorrow*. Through extensive and diverse involvement with the entire community, the City developed a Vision Statement which identified what Tualatin’s community wants Tualatin to be. This “statement for the future” has helped to guide the Tualatin Tomorrow process further in identifying the steps towards achieving the vision, and continues to guide Tualatin’s future planning efforts. This project identified community issues and analyzed emerging trends, articulated Tualatin’s core community values, created a vision statement and developed strategic action items based on the community’s core values and vision.

Over the course of 17 months of work (February 2006-June 2007), the community shared their input, ideas, and vision for the future of their community through workshops, charrettes, and public meetings. The City Council adopted the *Tualatin Tomorrow Vision and Strategic Action Plan* in June 2007.

The plan identified six focus areas for Tualatin:

1. How We Live and Learn – Arts, Culture, Education, Youth and Family Activities
2. How We Plan and Grow – Growth, Housing, and Town Center
3. How We Connect With Nature – Parks, Recreation, and Natural Areas
4. How We Care for One Another – Health, Safety and Social Services
5. How We Get Around – Traffic, Transportation and Connectivity
6. How We Decide – Governance, Leadership and Community Engagement

**What is the Project Goal?**

The Tualatin Tomorrow Vision and Strategic Action Plan is intended to be a living, dynamic document. The Vision Update Goals are to:

1. Ensure the Vision Plan is living and dynamic
2. Reflect progress on the Vision
3. Amend the plan to reflect current community needs and aspirations
4. Develop a comprehensive public involvement strategy to update the plan

**What is the Project Objective?**

To have informed public participation in decisions by providing understandable, clear, timely and complete information about current issues and proposed projects or initiatives.

- Use a broad range of tools for engaging a wide range of community stakeholders in the process, resulting in a better, updated plan.
- Develop user-friendly, widely-accessible community visioning information and education to increase public understanding and open the door to meaningful and effective input.
- Promote new relationships to foster a growing sense of trust.
- Ensure that community stakeholders will feel ownership in the Vision Plan and advocate for its implementation.

**Who is the Audience?**
The Tualatin City Council, Tualatin Tomorrow Advisory Committee, Partners, and City staff will work together to identify a full range of participants and stakeholders and work to engage them through a diverse communication strategy. There will be a focus on partnering with the recently formed Citizen Involvement Organizations (CIOs) to engage as many residents as possible in the community process.
SECTION 2: SCOPE & SCHEDULE OF WORK/PROJECT SPECIFICATIONS

Scope of Work

The scope of work outlines the anticipated consultant tasks and responsibilities for the update of the Vision Plan. In responding to this RFP, the consultant may offer alternative approaches for consideration; however, the integrity of the process must remain intact, particularly in maintaining the previously established goals and in utilizing citizens’ suggestions for action.

The consultant may perform other duties not listed below, but only as expressly approved by City staff.

Consultant Tasks/Requirements

Knowledge and Experience: The successful respondent to this RFP will have professional expertise in developing an action plan with a committee of citizens. The ideal respondent will:

- Possess knowledge of best practices for public involvement and community plan development;
- Have related experience in developing community action plans;
- Demonstrate experience in establishing a calendar and schedule for a similar process;
- Demonstrate the ability to work successfully with a diverse committee of citizens;
- Provide examples of completed work products from similar projects;
- Assist in coordinating outreach and public communication;
- Analyze community input and draft updates to the Tualatin Tomorrow Vision and Strategic Action Plan; and,
- Demonstrate high levels of energy, enthusiasm and ability to drive a project forward.

Guiding City Staff: The consultant will be responsible for helping City staff to develop a successful framework and work plan. The work plan will define and guide the City’s visioning process toward the development of an updated Vision and Strategic Action Plan based on the citizen input and goals collected through outreach efforts.

While the consultant will provide guidance, assistance and experience to the process, City staff will be primarily responsible for implementation of the visioning process outcome. City staff will:

- Serve as the liaison between the consultant and the Tualatin Tomorrow Advisory Committee (TTAC);
- Provide logistical support to the TTAC, including agendas and meeting arrangements;
- Serve as primary contact for the consultant;
- Coordinate outreach and public communication;
- Review draft Vision Plan Updates; and,
- Coordinate implementation of the Plan.

The consultant will facilitate some TTAC meetings, Partner meetings and other workshops or open houses.

Public Involvement Promotion and Coordination: The consultant and staff will work with the TTAC and stakeholders to promote awareness of the visioning process with the public, and continue to seek new ways of soliciting public input. Activities and actions led by City staff, the TTAC and the consultants will include promotion of a website, a visioning e-newsletter, online citizen engagement software, marketing materials,
open houses, public events and presentations at public meetings. The consultant may be asked to develop, review or assist with material or presentations. The consultant will be asked to assist in the development of the public involvement plan for the project.

**Development of the Updated Vision and Strategic Action Plan:** The consultant will analyze the input received from all public outreach efforts and analyze existing City plans (e.g. City Council goals, economic development plans, park master plans, etc.). The summary information will be presented to the TTAC. The TTAC will receive the information and make recommendations to the City Council for an updated Tualatin Tomorrow Vision and Strategic Action Plan. Following City Council approval of a plan, the final deliverable will be an Updated Vision and Strategic Action Plan.

**Out of Scope:** Items which would be considered out of the scope of this project include a total rework of the Vision Plan, a process which takes longer than six months from the time the contract is awarded, and/or developing a new downtown plan as part of the process. The plan is not being developed from scratch and it is expected that the updated plan will utilize the existing plan framework. It is also expected that the updated plan will be consistent with other adopted master planning documents.

Provide a description of the firm’s experience in public involvement consultation services and community visioning which address the key elements of the proposed scope of work.

What is the Cost of the Project?

SECTION 5: PROPOSAL EVALUATION PROCEDURES

To simplify the review process and to obtain the maximum degree of comparability, the proposal must follow the outline described in the RFP.

Evaluation Criteria

A selection committee consisting of City staff and members of the TTAC will review submitted proposals. Committee members will evaluate the proposals to determine which one best meets the needs of the City. Evaluation will be based on the following described criteria. Award will be made to the highest ranking consultant.

All submittals will be evaluated on the completeness and quality of the content. Only those proposals which provide complete information as required will be considered for evaluation. The ability to follow these instructions demonstrates attention to detail.

Each selection committee member will use the five evaluation factors listed in the table below to evaluate submitted proposals. Each evaluation factor is given a weight, reflecting its importance in the City’s selection process. The table below shows the evaluation factors and weighing factors relevant to this solicitation.

<table>
<thead>
<tr>
<th>Evaluation Factor</th>
<th>Weighing Factor</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Transmittal Letter</td>
<td>1</td>
</tr>
<tr>
<td>2. Experience &amp; Qualifications of Project Team Members</td>

<tr>
<td>3. Project Understanding &amp; Approach</td>
<td>4</td>
</tr>
<tr>
<td>4. Examples Provided of Similar Work Products</td>
<td>3</td>
</tr>
<tr>
<td>5. Contract Price</td>
<td>3</td>
</tr>
</tbody>
</table>

The quality of response to the requirement that the proposal contain a transmittal letter will be judged on a pass/fail scale. A passing proposal will be awarded four points for each of the two requirements met; a failing proposal will be awarded zero points for each of the requirements not met. The failure to include a transmittal letter with the proposal will reduce the proposer’s total score, but not automatically eliminate the proposal from further consideration.

The evaluation factors will be judged on a scale of zero to four. Each of the evaluation factors will be awarded points based on the evaluator's judgment of the quality of the response as to that particular evaluation factor. Fractional points (e.g., 3.6 or 1.75) may be awarded. Points awarded to reflect the quality of the response may be assigned individually or by a consensus of the evaluation committee. Scoring will reflect the following rankings:

<table>
<thead>
<tr>
<th>Quality of Response</th>
<th>Rankings</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Excellent Response</td>
<td>4</td>
</tr>
<tr>
<td>2. Good Response</td>
<td>3</td>
</tr>
<tr>
<td>3. Average Response</td>
<td>2</td>
</tr>
</tbody>
</table>
The proposal’s score is the product of the weighing factors times the points each evaluator assigns based on the evaluator’s judgment of the quality of the response. The evaluators’ scores are then totaled.

**Selection Process**

Upon receipt of the proposals, the selection committee will evaluate all responsive proposals as described in the above criteria to determine a top tier of responsible proposers whose proposals appear to best meet the requirements set forth by the City. The City anticipates the top tier to consist of two finalists. However, this number may increase to three if there is another competitive proposal. The City may also reduce the number of finalists in the top tier to only one if the excluded proposers have no reasonable chance to be the most advantageous proposer.

At the City’s option, interviews may be part of the evaluation process to determine which proposers best meet the requirements outlined in the RFP. The Project Manager will schedule any necessary interviews and notify the selected proposers.

**Intent to Award: Discussions or Negotiations**

After determination of the top tier finalists, the City will provide written notice to all proposers of its intent to award the contract to the highest ranked proposer and then commence with negotiations. If no conclusions are reached regarding a finalist, the City may engage in discussions with all top-tier proposers and accept revised proposals from them and following evaluation, scoring and ranking of the revised proposals as provided in this section, commence negotiations with top-tier proposers starting with the highest ranked proposal.

The decision whether to engage in negotiations or discussions with top-tier proposers shall be made at the sole discretion of the City based on its reasonable judgment.

The City reserves the right to cease negotiations with the highest ranked proposer, and proceed to negotiate with the next highest ranked proposer, (and so on down the list) until such time as an agreement can be reached or the City decides to cease all negotiations.

**Investigation of References**

The City reserves the right to investigate references and the past performance of any proposer with respect to its successful performance of similar projects, compliance with specifications and contractual obligations, its completion or delivery of a project on schedule and its lawful payment of employees and workers.

**Clarification of Proposals**

The City reserves the right to obtain clarification of any point in a firm’s proposal or to obtain additional information necessary to properly evaluate a particular proposal, but will not, in any way, provide an opportunity to change any fee amount originally proposed. Failure of a proposer to respond to such a request for additional information or clarification could result in rejection of the firm’s proposal.

**Award Recommendation**
City staff will inform the successful respondent of selection as the consultant. The successful respondent will be required to complete a Personal Services Agreement with the City.

**Reservation of Rights**

City reserves all rights regarding the RFP, including, without limitation, the right to:

a. Amend, delay, or cancel the RFP without liability if City finds it is in the best interest of the City to do so (see generally ORS 279B.100);
b. Reject any or all proposals received upon finding that it is in the best interest of the City to do so (see generally ORS 279B.100);
c. Waive any minor informality or non-conformance with the provisions or procedures of the RFP, and seek clarification of any proposal, if required;
d. Reject any proposal that fails substantially to comply with all prescribed RFP procedures and requirements;
e. Negotiate a Statement of Work based on the Scope of Work described herein and to negotiate separately in any manner necessary to serve the best interest of the public;
f. Amend any Contracts that are a result of the RFP; and
g. Engage consultants by selection or procurement independent of the RFP process or any Contracts or agreements to perform the same or similar services.

Although price is a consideration in determining the apparent successful proposer, the intent of the RFP is to identify a proposal from a proposer that has a level of specialized skill, knowledge and resources to perform the work described in the RFP. Qualifications, performance, history, expertise, knowledge and the ability to exercise sound professional judgment are primary considerations in the selection process. Due to the highly technical nature of some of these tasks, the proposer with the lowest price proposal may not necessarily be awarded a contract. City reserves the sole right to determine the best proposal.
